## Saudis to probe drug smuggling

ISLAMABAD: A Saudi probe team arrived here on Friday to hold an inquiry into a drug smuggling case involving three Pakistanis.

Sources close to the interior minister said that the team would question the accused, Sarwat, Shafia and Faraz, who were arrested in Saudi Arabia for possessing drugs during Umrah pilgrimage last year, a private news channel reported.

The Sindh home department had already sought permission from the court in this regard.

The police would move the accused from Karachi to Islamabad, where the Saudi team would question them. — APP
